Notes: 1. Annualized data for 2014 from the Labor Force Survey is the average of estimates for April, July and October survey rounds. The estimates for these rounds exclude data for Leyte province only while that of January exclude Region VIII.

2. Annualized data for 2015 from the Labor Force Survey is the average of estimates for January, April, July and October survey rounds. The estimates for these rounds exclude data for Leyte province only. The use of the four survey rounds that exclude Leyte was based on the results of the referendum conducted among members of Inter-Agency Committee on Labor and Productivity Statistics.

¹ SSS data on Overseas Filipino Workers excluded in the computation as they are not counted as part of the country's economically active population or labor force.

² Some pensioners may no longer be Philippine residents and as such not counted in the population denominator.

³ Government Social Security Retirement includes Monthly Pension.

⁴ Data from 2009 based on the updated 1993/2008 SNA. Thus, data not strictly comparable with earlier years.

⁵ Data from 2005 based on revised estimation methodologies and improved coverage. Thus, data not strictly comparable with earlier years.
