Notes: 1. Annualized data for 2014 from the Labor Force Survey is the average of estimates for April, July and October survey rounds. The estimates for these rounds exclude data for Leyte province only while that of January exclude Region VIII.

2. Annualized data for 2015 from the Labor Force Survey is the average of estimates for January, April, July and October survey rounds. The estimates for these rounds exclude data for Leyte Province only. The use of the survey rounds that exclude Leyte was based on the results of the referendum conducted among members of the Inter-Agency Committee on Labor and Productivity Statistics.

Notes: 1. Annualized data for 2014 from the Labor Force Survey is the average of estimates for April, July and October survey rounds. The estimates for these rounds exclude data for Leyte province only while that of January exclude Region VIII.

2. Annualized data for 2015 from the Labor Force Survey is the average of estimates for January, April, July and October survey rounds. The estimates for these rounds exclude data for Leyte Province only. The use of the survey rounds that exclude Leyte was based on the results of the referendum conducted among members of the Inter-Agency Committee on Labor and Productivity Statistics.

3. Starting April 2016 round, the Labor Force Survey adopted the 2013 Master Sample Design as well as the population projections based on the 2010 Census of Population and Housing (2010 CPH) while previous survey rounds were a Includes persons with age not reported.
